

## **PERFORMANCE & CONNECTIVITY – BAHMUELLER is serving the corrugated converting industry worldwide**

At BAHMUELLER, we're dedicated to advancing the corrugated converting industry worldwide. 🌐 Our headquarters in Germany, along with our subsidiaries in USA, and China, are at the forefront of innovation and efficiency. 🏢

Through our comprehensive Digitization strategy and in combination with the expertise from other industries, such as the automotive industry, we ensure seamless operations, productivity and unparalleled after sale service

📱 Our BOXFLOW Digitization strategy includes:

- BOD (BOXFLOW Online **Diagnostic**) - Elevating machine availability with remote connection and AR support.
- BOR (BOXFLOW Online **Reporting**) - Streamlining reporting for optimal performance tracking resulting in performance Dashboards and KPIs.
- BOA (BOXFLOW Online **Analytic**) - Harnessing data analytics and consulting for smarter decision-making.
- BOS (BOXFLOW Online Web **Shop**) - Simplifying resourcing of spare and wear items with our online marketplace.

By integrating these advanced tools in our TURBOX specialty folder gluer lines, we empower our customers with enhanced performance and availability worldwide. 🛠️🌟 Together, let's drive the future of corrugated converting! 🚀
