

## NEW AGENT for IBERICAN PENINSULA and the CANARIAN ISLANDS

Because of the growing market in Spain and Portugal BAHMÜLLER decided to take a further step concerning its local representation.

Since January 2021 c/o HERMAVILLA from VIGO has been announced as sole agent for BAHMÜLLER and BGM in this region.

The family Villaceros, owner of the agency HERMAVILLA, has already been well known in the market as agent for Göpfert Maschinen GmbH for years now.

We are proud that the family-owned agency has joined the global network of BAHMÜLLER and BGM.

We expect a closer contact to the local converting market in Spain and Portugal and wish Mr Jose and Mr Juan Villaceros a good and successful start.
